

I'm pleased to report that this week we surpassed the \$100,000 mark in contributions. We are 1/3 of the way to our goal. It has been a grueling two months since we started raising money for [my first event](#) in April, and we received a rush of contributions in the past few days as follow-up to last Monday's [Community Fundraiser](#) at the Fame Diner (see pictures below (pdf)) and as advance responses for next week's [Jewish Community Fundraiser](#). I cannot tell you how grateful I am for your generosity, and I promise to work as hard as possible to achieve our ultimate fundraising goal. We have two events scheduled for next week, and three scheduled for June so far. If you would be interested in hosting a fundraising event, please let me know. If you would be interested in making an individual contribution, please use any of the above linked fundraising invitations. The contributions we receive enable us to get our message out through mailings, posters and phone calls, as well as enable us to build the field infrastructure necessary to maximize our huge corps of volunteers (more on that next week). Again, to all those who have contributed so far: Thank You!

About 85 people came out to the Fame Diner in the heart of the 25th Assembly District to show their financial support for the campaign at my Community Fundraiser on May 15th.

On the host committee was virtually every civic and community leader in the district who has made an endorsement in this race, including the presidents of five of the largest civic associations in the district, leaders of two parish councils in the district, the chairperson of the largest community board in the district, the community council president of the largest police precinct in the district, the district's Democratic State Committeewoman, and numerous other community board and civic association leaders.
